

PROJECT ECHO

Extension for Community Healthcare Outcomes

Calling all:

Primary Care Providers, Dental Care Providers, Pharmacy Providers
your teams and others - join our virtual community of practice.

You're invited to our Pain Prescribing ECHO

- ✓ Register for our collaborative web-based educational community at "KUMC Project ECHO"
- ✓ Interact with and learn from our Interdisciplinary Team
- ✓ Send us your difficult de-identified case for discussion
- ✓ Learn the latest evidence-based medical knowledge

Join us:

Thursdays 12:00 till 1:00 PM
March 28, April 4, 11, 18, 25, May 2

Prior to Prescribing

- let's talk about your pain patients

- CDC Guidelines – recommendations not requirements
- Determining when to initiate or continue opioids
- How to effectively use opioids for treating chronic pain
- What K-TRACS does for you – and how to use it
- Addressing patient abuse, misuse and diversion of opioids

Register: Enter "KUMC Project ECHO" into your web browser
Select: *Prescribing for Pain Patients ECHO Series*

Empowering Primary Care

Extension for Community Healthcare Outcomes

Moving Knowledge, Not Patients

ECHO uses video-conferencing technology to offer mentoring. Connect from your computer, with a webcam and microphone, a tablet or smart phone to gain access to case-based learning and interdisciplinary teams.

Tele-ECHO Model

- Collaborative medical education
- Democratize and de-monopolize medical knowledge linking interdisciplinary specialty team with multiple primary care clinicians
- Experts mentor and share their expertise across a virtual network

ECHO Partners

- Acquire new skills and competencies
- Become part of a community of practice and learning
- Gain access to inter-professional team of specialty providers and colleagues to offer support in how to manage patients with complex conditions
- Increase their professional satisfaction

Tele-ECHO Clinic

- Helps provide better access for patients in rural and underserved communities
- Reduces treatment disparities
- Provides rapid dissemination of new knowledge
- Promotes consistency in care and practice
- Spreads knowledge, expands capacity and accelerates collective wisdom

Pain Prescribing ECHO

CME/CNE/CE: Application has been made for continuing education credit for Physicians, Advanced Practice Providers, Nurses, Social Workers, pharmacists and dental professionals. Other participants will receive a certificate of attendance.

This Project ECHO series is sponsored by Cooperative Agreement number NU90TP921961, funded by the Centers for Disease Control and Prevention.
